

Temple Emanuel Nursery School

See what everyone is talking about!

“We love Temple Emanuel Nursery School (TENS)! It's a very special place where both my children and I have formed strong and long-lasting friendships.” - Jessica P.

“The teachers are loving, nurturing, creative and provided essential building blocks for elementary education. This has been a terrific choice for my children, as well as for my husband and I, as we have all found a wonderful community.” - Sheryl K.

“I am an educational psychologist by training, and I chose TENS specifically because of the warmth and sense of belonging that my children and I get there, as well as the engaging curriculum.” - Rachel C.

“We have a wealth of pictures taken by all the teachers through the years showing my daughter singing, dancing, painting, playing in the playground through the seasons, lighting Shabbat candles, eating challah and learning prayers, which have allowed us to realize what a gift this place has been.” - Joanne K.
